- NOSA2011, suggested host is Tampere University of Technology, Jyrki Mäkelä presents the proposal for the symposium
 - No other offers for organizing NOSA 2011
 - Tampere was elected to host NOSA 2011
- NOSA2012? Start thinking and let NOSA board members know if you are interested in organizing NOSA2012
- Election of the NOSA board
 - Current board members are willing to continue
 - Are there other people interested?
 - Erik Swietlicki: we should aim to get people outside atmospheric aerosols (industrial, pharmaceutical, indoor environment) to the board. We have to keep in mind to also have an even spread with respect to sex and nationality?
 - Erik Swietlicki: we should aim to get people outside atmospheric aerosols to the board
 - Does the board have to consist of a certain number of people. The NOSA Statutes say 5-7, and we have now seven
 - Current board re-elected, the board will elect the president and secretary in the first board meeting
